

'It Runs in the Family': This is some of the feedback from our audiences

“Just a note to say thank you so much for the tickets for It 'Runs in the Family'. We both thoroughly enjoyed it and hope you will pass on our congratulations to everyone involved. I have no idea why I have never seen the Kingsley Players in action, but this won't be the last. They definitely have two new fans ! Many thanks once again, Claire.”

“We have never been to one of your productions before and thought it was brill. Being a comedy is a wonderful idea as then any slip up can just get an extra laugh. I don't know what 'Entertaining Angels' is about but if it is another comedy, we will be there

“The whole evening was just great, I loved the idea of the meal and the seating arrangements. Food was really nice too. the play was just so funny I couldnt stop laughing. I could not beleive how polished the performance was - it is all in the timing and the timing was spot on. We will definitely be coming to the next show.

“We invited friends to the Friday evening show. They all shared our sentiments that it was a first class, professional performance which was above all extremely funny.

I think from their response we will all be looking forward to and attending the next production.

Kingsley residents are very fortunate to have and be able to watch such a range of talented people in a excellent setting literally on their doorstep..

Well done to all those involved.

Kind regards...Dennis”

“Saw the show on Thursday; well, farce may be passe but the Players showed that is shouldn't be. It was a laugh from start to finish. We have seen some great performances from you over the years but this was certainly one of the best. Regards John.”
